

## Summary of Vestry Meeting September 14, 2020

### Vestry Officers Re-elected

After the Priest-in-Charge appointed Phyllis Russell for another year as Rector's Warden at the Annual Meeting, the Vestry welcomed Jude Winters and Kelly McNerney as new members. The Vestry also re-elected these officers to another one-year term: Barbara Krisack, People's Warden; Marsha Litwin, Clerk; Rosemary Bezuidenhout, Treasurer. Please congratulate and thank these vestry members for continuing their leadership roles this year.

### Bishop (Virtual) Visitation on September 27

Our Bishop, the Rt. Rev. Daniel G.P. Gutiérrez, will make his visitation to our parish virtually on Sunday, September 27. The Bishop will hold a ZOOM meeting with the parishioners at 1:00 p.m., and a meeting with the Vestry at 2:00 p.m. Please attend and be ready to talk with our Bishop, whose loving support for this parish has manifested itself in many ways since he consecrated our Church building in 2017.

### Worship to be streamed on Facebook and via ZOOM starting 10/04/2020

Both Facebook and ZOOM have certain advantages to their use. Starting October 4, we will livestream via both for a period of time, seeking to reach out to our parish enabling as many as possible to participate. The service time will remain 9:00 a.m.

### Pre-School closed for fall (and possibly spring) semester

Because of the coronavirus pandemic, there is not enough enrollment to make opening the pre-school this fall a good financial or mission option. This may well also be the case for the spring semester unless public schools reopen with full-time in-person classes.

### Blessing of the Animals to take place at Gazebo on October 4

Weather permitting, the Blessing of the Animals will be held in the late morning of Sunday, October 4 [St. Francis' Day falls on Sunday this year!] at the Gazebo in the Churchyard.

### Repairs to Church ceiling in progress

Because of water leakage through the steeple, enough deterioration occurred for a portion of the Church ceiling above the balcony to collapse. No one was present or injured. Work with the insurance company is in process, and repairs will follow. More news as it happens...
